

Who are our animal neighbors?

We have looked around the world to view animals that live in different kinds of warm environments. Take a moment to think of the animals here in Missouri. Below, list the animals that could be found in your backyard, local park or community (for example: a robin). Include some of our winter and summer residents.

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____

Describe what we can do to help the animals feel comfortable during the winter months.
